

**TYPICAL CHARACTERISTICS:**

Appearance	Bright green fluid
Physical State	Liquid
Flash Point	> 212°F
Boiling Point	101°C (213.8°F)
Freezing Point	0 – 3.3°C (32 – 38°F)
Specific Gravity	1.02 – 1.04
pH	7.0 – 8.5
Density	8.50 – 8.67 lb/gal
Water Solubility	100%
Odor	Chamomile (sweet herbal)

**SDS AVAILABLE ONLINE**

**TYPICAL USES:** Vehicle and equipment wash that is dilutable for manual or pressurized vehicle and equipment washing. Safe for water-safe vehicle surfaces including factory and aftermarket clear-coats, paints, trims, chrome, aluminum, glass, acrylic, rubber, and for contact on concrete and asphalt.

**See label for additional uses.**

**SAFETY:** Use protective glasses or safety goggles if splashing or spray-back is likely. Use protective gloves (any material) when used for prolonged periods or if dermally sensitive.

# SIMPLE GREEN® VEHICLE WASH

**Safer, powerful cleaner for heavy-duty vehicles**

**UNIQUE FEATURES**

- Cuts through tough road film and exhaust deposits without heavy scrubbing
- Utilizes powerful surfactants and cleaning builders to break down and wash away grease and dirt
- Clean rinsing formula leaves no residue behind
- Safe for use on factory and aftermarket vehicle finishes including clear coats, chrome, glass, rubber, and vinyl
- Readily biodegradable formula
- VOC compliant and non-irritating to skin
- Non-flammable and non-reactive formula is safer for storage
- Concentrated formula with economical dilution ratios
- Safe for contact concrete and asphalt
- Superior performance in all water types

**APPLICATIONS**

- Specially formulated for pressure washing, bucket and brush, and hand wash applications
- Use on buses, taxis, emergency vehicles, sanitation fleets, and other high-use vehicles
- Ideal for cars, trucks, and construction vehicles

**DIRECTIONS FOR USE**

**Hand Washing**

- Mix 1 oz of Simple Green Vehicle Wash per 1 gallon of water in a clean, empty bucket or pail
- Apply solution to vehicle
- Scrub any stubborn soils if necessary
- Rinse thoroughly with water
- For best results, wash vehicle when surfaces are cool, and dry vehicle when done washing

**Pressure Washing**

- Mix 2 oz of Simple Green Vehicle Wash per 1 gallon of water
- Apply to surface with low-pressure from top to bottom
- Rinse thoroughly at high pressure, taking care not to damage wiper blades, trim, or other surfaces with pressure
- For best results, wash vehicle when surfaces are cool, and dry vehicle when done washing
